SKYKIT®

SKP PRO MEDIA PLAYER

Android Media Player for Enterprise Digital Signage Networks

Two displays powered by one SKP Pro player!

High-Performance, Reliable & Built for Enterprise

The Skykit SKP Pro transforms standard displays into eye-catching digital signage. Pair this powerful Android media player with any HDMI-enabled display to show content across your network with up to a 4K resolution output.

For a secure, commercial-grade device built with enterprise digital signage networks in mind, look no further than the SKP Pro. Need to extend or mirror your content? Go beyond a single screen with the player's dual-display feature.

The SKP Pro also includes Skykit Control Core, our enterprise-grade device management solution built for digital signage. Control manages and secures your SKP Pro devices from deployment to retirement, allowing you to remotely update Skykit apps, enable device lockdown, and monitor the health of your media players – all from the cloud-based Skykit platform.

Display a variety of content and apps:

- Images/Videos
- Livestreams
- Infotainment Feeds
- Secured Dashboards
- Social Media Feeds
- Dynamic Menu Boards
- Webpages
- HTML5 Apps
