

SKYKIT® TURF

# Secure Employee Check-In and Visitor Management Software

Keep your organization running safely and smoothly with Turf Check-In, an employee and visitor management system that allows you to control the flow of people entering your business. With a touch-free experience and secure activity logs for contact tracing, you'll be prepared to meet COVID-19 safety requirements.

## FEATURES

### VISITOR CHECK-IN

Greet guests with a self-serve check-in experience.

### EMPLOYEE CHECK-IN

Securely check in employees coming into the workplace.

### TOUCHLESS CHECK-IN

Limit the spread of germs with a touchless check-in experience for both guests and employees.

### SMS AND EMAIL NOTIFICATIONS

Notify hosts directly via text message or email when their visitor has checked in.

### EMPLOYEE DIRECTORY MANAGEMENT

Easily upload and manage your employee directory with contact information.

### SECURE CHECK-IN LOGS

Unlike paper logs, which are visible to anyone, check-in logs are secure and accessible only by authorized personnel.

### SECURE CHECK-IN CONFIRMATION

Allow employees to confirm their check-in via SMS or email.

### AUDIT CHECK-IN ACTIVITY LOGS

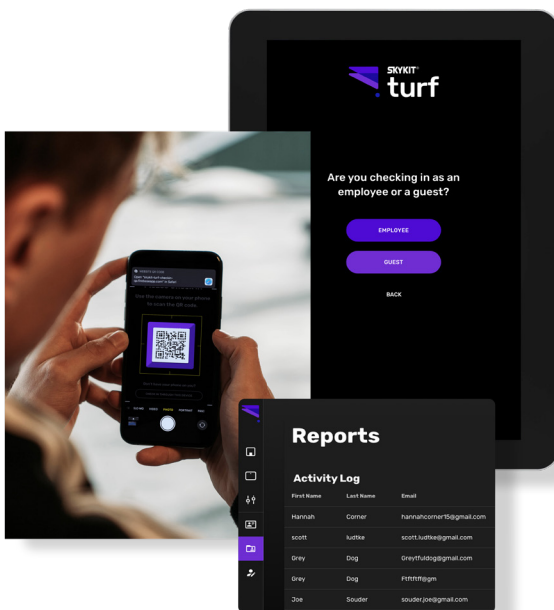

View and export visitor and employee check-in logs for compliance and COVID-19 contact tracing.

### CUSTOM CONFIRMATION CONTENT

Present custom messaging with an image for your visitors and employees after they check in.

### AUTOMATIC CHECK-OUT

Automatically check out employees and visitors at midnight each day.

## BENEFITS

**Turf Check-In helps you take full control of your space, providing you with a clear understanding of crowd flow and eliminating the need for excess face-to-face contact.**

### **REDUCE THE SPREAD OF GERMS**

Comply with COVID-19 safety restrictions and recommendations with a touchless check-in, and perform any needed contact tracing with activity logs.

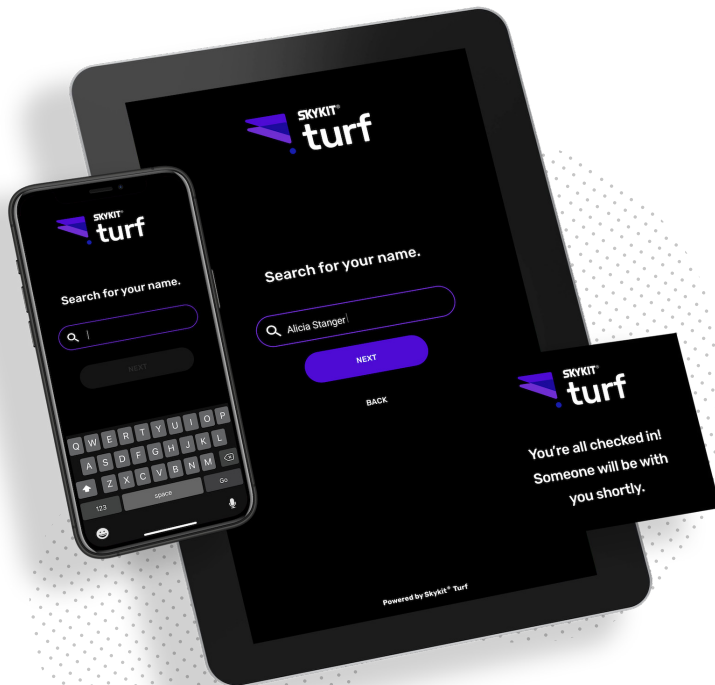

### **MAINTAIN A SECURE ENVIRONMENT**

Keep sensitive employee information private while offering an easy and convenient check-in experience.

### **INCREASE WORKPLACE EFFICIENCY**

Eliminate extensive waiting periods for visitors and administrative work for staff.

## **Looking for Visitor Management Software?**

**Turf Check-In is made with safety and efficiency in mind.**

Let's talk about how we can help you monitor and manage the flow of guests and employees in your building.
