

SKYKIT® TURF

# Secure Employee Check-In and Visitor Management Software

Skykit Turf is a powerful meeting and desk booking tool that lets employees reserve office space using a touch display or their existing calendar app.

## FEATURES

### GOOGLE & MICROSOFT 365 CALENDAR INTEGRATION

Schedule with the calendars you already know and use.

### IMPROMPTU BOOKINGS

Enjoy on-the-go meeting creation at the touch of a screen.

### SPACE FINDER

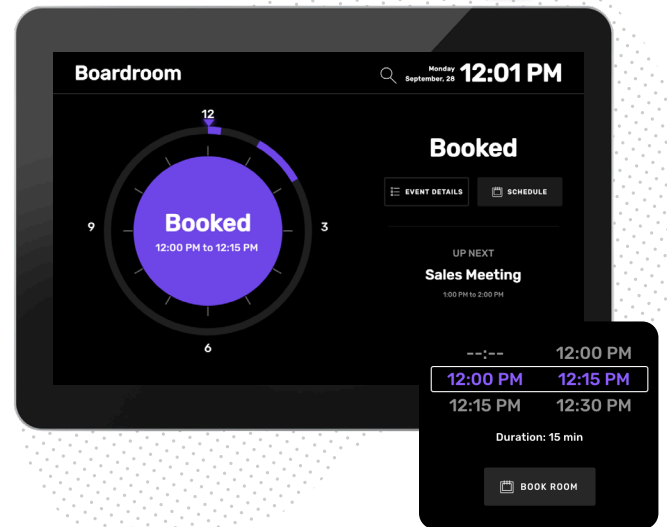

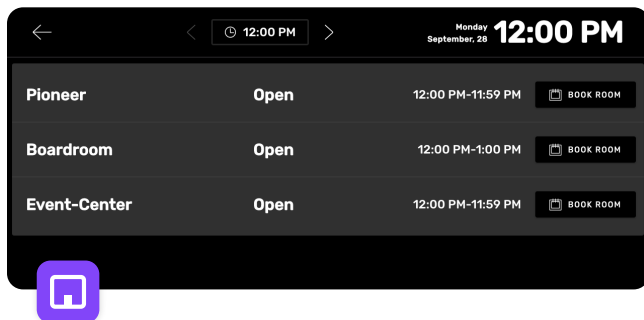

Locate an open meeting room or desk from any space display.

### REAL-TIME SPACE STATUS

Gain instant insight into conference room usage from behind your desk or outside a meeting room with clear digital displays and space status lights.

### MANAGEMENT CONSOLE

Change space display, space assignments, and settings remotely from our cloud-based management console.

### SECURE DEVICES

Ensure uninterrupted operation with displays in kiosk mode.

### THEME CUSTOMIZATION

Match your organization's brand standards with brand color, logo color, and background color options, or upload a custom background image.

### DIGITAL SIGNAGE CAPABILITIES

Leverage space displays as digital signage using a Skykit Standard or Enterprise license.

## BENEFITS

With an easy-to-use interface, real-time space status, and immediate conference room booking capabilities, Turf can transform your office operations in a variety of ways.

### NO MORE SCHEDULING CONFLICTS

Never scramble to find an alternate meeting room again.

### INCREASED EMPLOYEE PRODUCTIVITY

Help staff reclaim wasted time.

### ADDITIONAL BRANDED DISPLAY OPPORTUNITIES THROUGHOUT THE OFFICE

Let your logo shine.

### LESS STRESS ON FACILITIES MANAGERS AND IT DEPARTMENTS

Lighten the logistical load.

## Ready for a Seamless Work and Meeting Space Booking Solution?

**Turf is redefining the workplace experience by empowering users to take control of their spaces.**

Reach out today to learn more about how we can help you boost employee productivity, eliminate space conflicts, and make the most of your facility.
